

Local Fuel Committee Now Functioning

A meeting of the citizens interested in the question of fuel for the coming winter was held in Sidney last Thursday evening with Hugh J. McIntyre in the chair. Representatives of the Air Force and Army camps in the neighborhood, the local fuel dealers and members of the Sidney Businessmen's Association and other citizens were present.

Hon. Norman Whittaker, local M.L.A., and Mr. McPherson of the Fuel Control Board addressed the meeting suggesting various solutions of the problem. Only some hundreds of cords of wood are at present available whereas many thousands are required for the growing needs of North Saanich. Mr. McPherson suggested that a Sidney committee be formed to try to devise ways of meeting the needs of the situation. After several had pleaded pressure of other duties as an excuse for being unable to act with the citizens, a committee was formed consisting of James Ramsay, Rev. D. M. Perley, Donald Sparling and Samuel Roberts. These members chose Mr. Ramsay as chairman and Rev. Perley as secretary of their committee.

The question of forming a wood pool for transient air personnel was given consideration by representatives of the R.A.F. and the we understand will also be looked into by the R.C.A.F. The various army units are also to be considered in some such pool arrangements — if possible.

The Sidney committee met on Tuesday afternoon in Mr. Sparling's office and discussed the situation. It was felt that the names of those willing to co-operate in securing wood should be handed to the committee as early a date as possible. Free-cutting permits are to be issued by the Lands Department whereby an individual may cut up to 10 cords on crown-owned land in the North Saanich area. Those desiring wood for the cutting may apply by leaving their names with Mr. Ramsay, 'phone 94-G, or Rev. Perley, 'phone 43, or at the Review Office.

Doc Roberts Captures Golf Challenge Cup

MAYNE ISLAND, Aug. 25.—The Point Grey Challenge Cup was won by Dr. Roberts, who beat Juddy Cullison in the finals. Incidentally, Juddy is not, temperamentally, a good match player, otherwise the result might have been quite different!

The first flight was won by young Peter Roberts, who had to eliminate Frank Heck in the finals. A splendid match resulted, Peter winning on the last putt. The second flight was won by Mrs. McEachan.

There has been a very acute epidemic of gastritis 'flu on the island, severe in type, but not virulently so.

"IMMORTAL SERGEANT" COMING TO REX

There is a certain characteristic in Henry Fonda's screen portrayals that must give heart to most meek men. For Hank has come to be recognized as the cinema standard-bearer for the average male. Where the ordinary man takes heart is that, in all his pictures, Hank rises to the occasion. A simple honesty prevails, and though Hank may be fooled once in a while, he rarely makes the same mistake twice.

An example of his growth in character occurs in Fonda's newest film, 20th Century-Fox's picture of John Brophy's "Immortal Sergeant." In the film coming to the Rex Theatre, Sidney, Thursday, Friday and Saturday this week, and showing in Ganges next Monday, the star appears as a mildly successful author thrown by the war into the full fury of the fighting in the Libyan desert from the quiet cloisters of his profession.

From a mild-mannered 'Tommy' he develops, under fire, into an efficient soldier. Then, at the critical moment, when his comrades look to him for leadership, he rises to meet the challenge.

Tuesday and Wednesday, next week, at the Rex, Sidney, will be seen Ritz Bros., Carol Bruce and Dick Foran starred in "Behind The Eight Ball."

Saanich Catholic Indians Hold Religious Observance, Picnic And Sports Program

BRENTWOOD, Aug. 25.—Under the leadership of Rev. Father X. Lauzon, the direction of Acting Chief Joe Bartleman of the Tsartlip Reserve, the Catholic Indians of Saanich on Sunday, Aug. 15, held church services at the Assumption Church, West Saanich Road, and a picnic on Willie Smith's property, at the Tsartlip Reserve.

At 10:30 Sunday morning, a solemn High Mass was sung at the Assumption Church. The congregation of white people from the Saanich parish, and of Indians from all the Saanich Reserves and from Cowichan, Esquimalt and Kuper Island filled the church to capacity.

Rev. B. Tourigny, S.M.M., missionary at Kuper Island, was the officiating priest, assisted by Hon. Capt. J. J. Cyr, S.M.M., R.C.A., chaplain, Sidney, B.C., as deacon, and Rex X. Lauzon, S.M.M., pastor at the Assumption Church and missionary to the Saanich Indians, as sub-deacon.

The Indian choir which sang the Gregorian Mass of the Angels, was under the direction of Rev. H. Seguin, S.M.M., missionary to the Cowichan Indians. Rev. Sister Elizabeth Ann of the Sisters of the Immaculate Heart of Mary, was at the organ.

Ralph Bartleman acted as master of ceremonies, Levy Joe was censor bearer, Jackie Paul and Hubert Henry were acolytes.

Rev. X. Lauzon, S.M.M., delivered the sermon. Taking as his text, St. Luke 1: 48: "For behold, from henceforth all generations shall call me blessed," and stated that these words of the Mother of Our Lord had been realized on the day of her Assumption into heaven, and that since that day, the generations of this earth had been doing the same. He concluded by asking the congregation to offer their praises also to the one they called their Mother, on this day on which the feast of the Assumption was celebrated.

The ushers for the day were Chris Paul and Isaac Bartleman, collectors Mr. Pednaunt and Martin Cooper.

At 7 in the evening, the congregation filled the church again, for a short Benediction of the Most Blessed Sacrament. Under the direction of Rev. X. Lauzon, and with Miss M. Lovick at the organ, the entire congregation sang the "O Salutaris Hostia," and the "Tantum Ergo" as hymns to the Blessed Sacrament, and also "Mother Dear, Oh Pray For Me."

Following the High Mass, all gathered at Willie Smith's field. The picnic committee were:

Grounds—Isaac Bartleman, Chief Joe Bartleman, Ernie Wilson.

Tables—Mrs. Joe Bartleman, Marshall Harry, Moody Henry.

Refreshments—Miss Cecilia Cooper and Miss Josephine Bartleman.

SPORTS—Chief Joe Bartleman, Chief Alec Peter, Arthur Cooper.

Announcer—Dave Elliot.

Starter—Isaac Bartleman.

Close to 300 Indians took part in the picnic dinner, in three sittings, at a table 60 feet long. After grace, Chief Joe Bartleman welcomed the visiting priests and the two sisters, Maureen and Elizabeth Ann of the Sisters of the

Immaculate Heart of Mary, and introduced them as the two teachers who will take charge of the Tsartlip Indian School. Then Chris Paul, acting as master of ceremonies, introduced the guest speaker, Chief Alec Peter, of the Malahat Reserve. This chief, addressing his people in their own language, expressed his joy at seeing such a gathering, which reminded him of his youth when often the Catholic Indians gathered with their priests for such feasts.

Then introduced by Christ Paul, Father X. Lauzon said a few words expressing the hope that this first gathering would not be the last, but that this event will be repeated for many years to come. Then he too welcomed the sister teachers and assured the Indians that their children would find in them very qualified and very earnest teachers.

A very interesting program of sports followed, which lasted the whole afternoon. After benediction in the afternoon, the traditional game of "Hallel" was enjoyed by all with a team from Cowichan winning twice.

ANY TIMBER?

Members of the local fuel committee appointed at the meeting held in Sidney Thursday evening, now seek the co-operation of owners of timber in North Saanich willing to sell their stumpage. Anyone wishing to assist in this emergency by disposing of their "standing" wood is requested to 'phone the chairman, James Ramsay, 94-G, or secretary, Rev. D. M. Perley, 43, in order that a reserve of trees be at once made available to local fuel dealers who have cutters in the bush and have about exhausted all visible reserves.

If standing timber in places not near good roads is to be offered now is the time to act quick as it is next to impossible to haul wood out of the bush when wet weather arrives. Several thousand cords are required.

SECESSION MEETING

Sir: — Members of Ward Six Saanich Ratepayers' Association are holding a public meeting on Thursday, Aug. 26, in the Temperance Hall, Keating, East Saanich Road, at 8 p.m. All ratepayers in the outer wards are urged to attend.

The question of secession of the outer wards is to be discussed owing to an attempt by certain special interests in the inner wards to abolish the ward system of municipal representation. Such abolition would enable those interests to get complete control of the municipality and deprive the outer wards of any representation.

As has been stated, the root of the trouble is the system of municipal taxation which exists today. The heavy taxes on land discriminate most unfairly against the farmer who, in order to obtain his living, must have a greater area of land than the ordinary resident who lives in the inner wards and earns his living elsewhere. These inner ward residents naturally want all kinds of costly services similar to those prevailing in the City of Victoria, but they also want to pay only low rural taxes. It is impossible to have both. Therefore they favor heavy taxes on land and light taxes on improvements. By this means they could get the services they want by placing ruinous taxes on the land of the already hard pressed farmers. If all taxes were on improvements only and not on the land the situation would be far more equitable. Better still, there should be only one tax, income tax, as in the final analysis all taxes must be paid out of income.

It is most unfair for a farmer who has a low income to have to contribute very heavily for municipal services which he does not and cannot receive, but these services are enjoyed by those inner ward residents who are making much smaller municipal tax contributions and whose incomes are often far in excess of the farmers' incomes.

The rural residents of Saanich have been highly dissatisfied for a long time as they have become outnumbered by urban residents whose municipal interests are entirely dissimilar. Individual farmers pay much heavier taxes than individual urban residents of Saanich. It is obviously unfair for a farmer in the outer wards who now pays \$100 to \$400 a year in taxes and gets no services, to be further loaded with discriminatory taxes by a group of inner ward residents who pay around \$40 a year in taxes and who already get police, fire, water and other services.

Secession has been made possible by the Relief of Saanich Act, which provides the Lieutenant-Governor with the power to reduce the area of the Saanich Municipality on receipt of a petition signed by the owners of at least one-half of the assessed land value in the area wishing to secede. All rural Saanich residents should refuse to tolerate any longer the present unfair situation, which threatens to become considerably worse in the near future. It is hoped that we will make a strong petition for secession without further delay. It is only by this means that we can have any prospect of reduced taxes. Remember the public meeting, next Thursday, Aug. 26, at 8 p.m.

Spring salmon are now running and some nice catches are being reported. The biggest spring to be landed so far, that we have heard of was caught by Constable G. D. Weeks of the local staff of B. C. Police, who on Monday evening off Sidney Spit caught one measuring 41 inches in length weighing 31 pounds.

Tuesday afternoon, about 4, the fire siren sounded and in the local brigade quickly responded to a call from Mrs. Dignan, Beacon Avenue, who had had her attention drawn to a grass fire racing across the field from Oakland Avenue, being fanned by a fairly strong southeast wind. The flames would undoubtedly have consumed the large barn on the Dignan property but for the prompt action of the brigade, who bore down on the scene with two trucks with booster tanks, one carrying 110 gallons of water and the another 300 gallons. The flames were under control in a few minutes and the large booster tank again returned to the scene with a second 300 gallons of water to make sure no smoldering material would be fanned into another blaze later. Mrs. Dignan expresses her sincere thanks to the boys of the brigade and is amazed how they appeared so soon on the scene after she had 'phoned telephone central to sound the fire siren.

CANADIANS BEAT JUNGLE, SNAKES, TO BUILD WAR-VITAL RAILROAD

Canada's Plane Programme forces opening of new Bauxite Mines in British Guiana—Roadbed Kept Disappearing into Swamp, Manager says—40-mile Road took Year to Complete

Montreal, Aug. 24.—Canadian-born engineers have just completed constructing a railroad through forty miles of steaming jungle in British Guiana, and they had first to kick the snakes out of the way and then lay the roadbed over and over again because the gravel kept disappearing into the swamp," says F. L. Parsons, general manager of the Demarara Bauxite Company, Ltd., who oversaw the job.

Aluminum plants in Canada, turning out the metal which keeps the United Nations flying, forced construction of the new railroad, says Mr. Parsons, now visiting this city. "It takes four tons of bauxite to make one ton of aluminum and your Canadian plants have been eating up the mineral at such a pace that down in South America we have had to open new bauxite mines. We now have to strip from the bauxite an overburden of earth up to 100 feet thick.

"It took a year to build those forty miles of road. It runs from Mackenzie, where we crush, wash and dry the bauxite, to a spot in the jungle called Ituni. We had unskilled labor. And we had to deal with the mud, the snakes, and sometimes an ocelot, which is a South American tiger.

"This job has added to the reputation of Canadians, which is already high in South America. They like us down there because

we treat the people well. For instance, our colored boys like to travel by train so we give them free rides on the railroad in our Pullmans—old freight cars with the sides cut and benches in. And we take good care of our white people, of course. Recently we found it necessary to build a swimming pool for them as they cannot bathe in the river with safety because of a freshwater shark called the piria, a vicious little brute about eighteen inches long, nearly all mouth and three rows of teeth. It bites off fingers and toes. In gangs this fish even brings down cows drinking in the river. It's a curse.

"Now we're ready to operate our new road, which the people of British Guiana foresee will ultimately lead to opening up back country full of riches. I hope Canada will follow up the good impression her engineers and other technicians have been making down there. Recently, the Daily Chronicle of Georgetown, said: 'Taking a retrospective glance, one is bound to say that the history of industrial, economic and social development in this country in the past decade cannot be written without allotting priority of place to the Canadians, our greatest Empire cousins in the Western Hemisphere.'

"The job Canadians are doing to the south can, I believe, be built into a lot of good post-war business."
